Artist  
Lunar Module Pilot  
Apollo 12

# Mm

Alan Bean, Lunar Module Pilot;  
Commander Pete Conrad is seen in the  
reflection of his visor. (Apollo 12)

# Nn

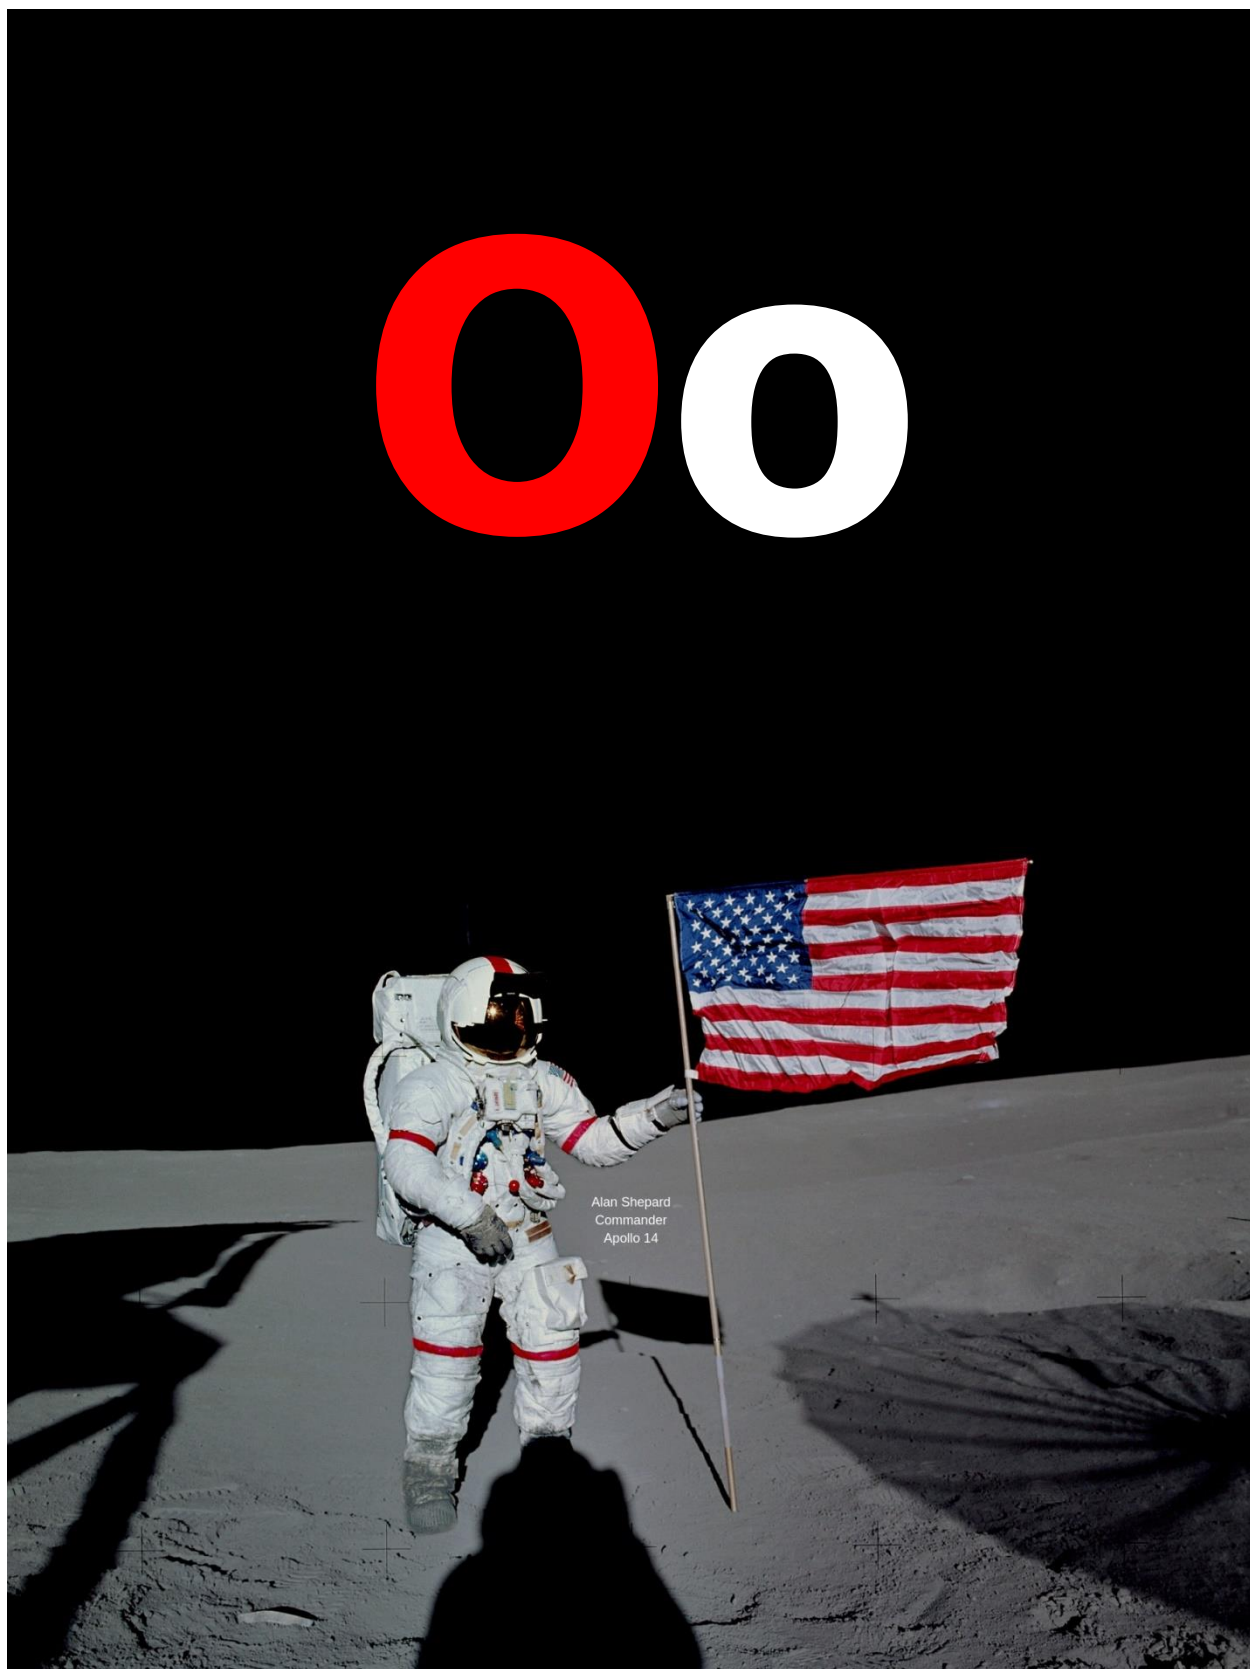

Lunar Module (LM)  
"Aquarius"  
Apollo 13

Seen here from the perspective of  
the Command Module (CM)  
"Odyssey" after being jettisoned  
to burn up in Earth's atmosphere.

The LM served as a "lifeboat" for the  
crew as they used a circumlunar  
trajectory to return to Earth.

Ascent stage  
Apollo 17

- Aa** The S-IVB second stage is seen from the Command Module, Apollo 7.
- Bb** "Earthrise" by Lunar Module Pilot William Anders, Apollo 8.
- Cc** Lunar Module "Spider" is seen from Command Module "Gumdrop", Apollo 9.
- Dd** Lunar Module Pilot Rusty Schweickart is seen on his EVA, Apollo 9.
- Ee** Command Module "Charlie Brown" is seen from Lunar Module "Snoopy", Apollo 10.
- Ff** The Moon is seen from Command Module "Columbia" during trans-lunar coast, Apollo 11.
- Gg** Lunar Module "Eagle's" shadow is seen on the Moon's surface, Apollo 11.
- Hh** Lunar Module Pilot Buzz Aldrin is seen, Apollo 11.
- Ii** Lunar Module "Eagle", flag, and TV camera are seen, Apollo 11.
- Jj** Lunar Module "Eagle", the Moon, and Earth are seen from CM "Columbia", Apollo 11.
- Kk** Lunar Module "Intrepid" is seen over the Moon's surface prior to descent, Apollo 12.
- Ll** Lunar Module Pilot Alan Bean, Surveyor III, and LM "Intrepid" are seen, Apollo 12.
- Mm** LM Pilot Alan Bean, and Commander Pete Conrad (reflection) are seen, Apollo 12.
- Nn** Lunar Module "Aquarius" is seen from Command Module "Odyssey", Apollo 13.
- Oo** Commander Alan Shepard is seen holding the American flag, Apollo 14.
- Pp** Lunar Module "Antares" is seen, Apollo 14.
- Qq** Lunar Module Pilot Jim Irwin, American flag, LM "Falcon", and rover are seen, Apollo 15.
- Rr** Commander Dave Scott and rover are seen, Apollo 15.
- Ss** Commander John Young, American flag, LM "Orion", and rover are seen, Apollo 16.
- Tt** The American flag is seen "planted" on the lunar surface, Apollo 16.
- Uu** Lunar Module Pilot Charlie Duke and rover are seen, Apollo 16.
- Vv** Commander Gene Cernan, American flag, and rover are seen, Apollo 17.
- Ww** Commander Gene Cernan made this photo of Earth from the lunar surface, Apollo 17.
- Xx** Lunar Module Pilot Harrison Schmitt, American flag, and Earth are seen, Apollo 17.
- Yy** The rover, and Lunar Module "Challenger" are seen, Apollo 17.
- Zz** Lunar Module "Challenger" is seen returning from the lunar surface, Apollo 17.
