How to be ready

You have to know what's going on. If there is a shooting, try not to panic, always try keeping calm. That's the best thing to do. Also try hiding in a place where you can't be seen. Don't make a lot of noise. There are many ways to be secure in school. One of the ways to be secure is to lock the door from each class room. Also the school should have a fence around it. This is also a very good way to secure the school and the people in it.

How do we stop it?

There is a campaign to stop gun violence. The campaign is called " Taking a Stand to End the Flow of Illegal Guns." In this campaign, we want to make a difference in preventing the loss of precious lives to gun violence. A good way to stop gun violence is for people to stop selling them unless they are sold to professionals, or the military. Also, most people that have a gun should have a permit, not just be carrying it around like if it's a toy you can play with. A gun is a very strong object. So lets just make a change and stop the gun violence.
