

Honor

The word honor is very special to me because it means respect for people or things that are special to you. It means a source of credit or distinction. To honor one's family is a great word to say. You can have honor for your school because of the shirt you are wearing. You have many things to honor. Honor things that you have, or things that you did.

Responsibility

Responsibility for me is something that you need to do every day. It does not matter where you are. If you lost something, you were not responsible. It is more important for parents to be responsible because they need to take care of their children.

Commitment

the commitments

Commitment is the act of pledging, or engaging oneself. Do what you say you are going to do.

Citizenship

Citizenship is the state of being vested with the rights, privileges, and duties of a citizen. Be a good citizen.
